The purists of the eighteenth century were ill-disposed to allow the claim of the novelist to rank with the dramatist or poet; whilst the Church sharply denounced romances as injurious and prejudicial to public morality. From the reading of novels, writes Sumarokoff, the great literary authority of those days, and the founder of the modern Russian theatre, we can get little good and risk getting much harm. We have no right to call it an amusement, it is rather a hurtful waste of time. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
