'Life for today's teen is nothing like it was when I was in high school---and I'm only 20.' 'Young people live in a totally different world from the one I know.' These statements came from college students preparing for careers in youth ministry---young people only a couple years beyond high school themselves. The reality is, youth culture and teenagers continue to change, but you can stay connected and relevant by understanding culture and its power to influence and shape teens. In *Critical Approach to Youth Culture*, you'll engage in a multiple-discipline approach to understanding culture by looking at the: * Nature of culture: what is it, how is it expressed? * Theology of culture: modern and post-modern theologies of culture * Ecology of culture: adolescent development in a cultural context * Ethnography of culture: gaining perspective and insight, and gathering data In this practical and concise book, you'll develop your own cohesive plan for evaluating cultural influences, preparing you for strategic ministry to teenagers that effectively addresses the youth cultural context.'Editorial ReviewsAbout the AuthorPamela Erwin is professor of youth ministry and practical theology at Bethel University, St. Paul, Minnesota. She has over 25 of experience in the field of youth ministry as educator, author, and practitioner. Pamela's passion is to encourage youth ministry studnts to critically reflect on the influences taht shape today's adolescents and to help them think creatively about the practices of youth ministry.
